Covid-19 Response

- On April 14, 2020, Stanley Black & Decker announced a $10+ million comprehensive COVID-19 philanthropic outreach program to help its communities and employees around the world combat the effects of the pandemic.

- On April 15, 2020, Stanley Black & Decker announced that the company is collaborating with Ford and 3M to supply a DEWALT portable battery solution for their new Powered Air-Purifying Respirators (PAPR), which will be used to help protect healthcare professionals on the front line as they treat patients of the COVID-19 pandemic.
